

Figure 1 consists of three panels showing the distribution of the number of children per woman (N) for different countries. The top panel shows the distribution for 1990, 2000, and 2010. The middle panel shows the distribution for 1990, 2000, and 2010. The bottom panel shows the distribution for 1990, 2000, and 2010. The x-axis for all panels is 'Number of children per woman' and the y-axis is 'Percentage of women'.
